Helab seat cushions with accessories

# Consil Seat Cushion

Pressure redistribution seat cushion

# Consil Seat Cushion

Consil is an anatomically designed seat cushion with copyrighted design<sup>(1)</sup>. It is comfortable and pressure redistributing and provides the user with excellent comfort and sitting position. The anatomical design distributes the pressure away from the underside of the thighs, provides good pressure redistribution for the seat bones and reduces the risk of shearing. Side supports, leg divider and seat well provide a stable sitting position for people who need extra support.

The cushion comes with a durable cover in grey polyester plush with high friction.

None of Helab seat cushions and covers contains any bromide-based flame retardants or latex.

Other sizes than those listed below can be ordered. Please contact your distributor.

## PROPERTIES

- Anatomically moulded
- Easy to clean
- Seat well (1)
- Leg divider (2)

## Facts

# Plantur Seat Cushion

Seat Cushion with flat top side

# Plantur Seat Cushion

Plantur is a pressure redistribution seat, made from moulded polyurethane foam with a flat top side and with memory foam filling on the underside.

The seat well and recesses for legs distribute the pressure away from the underside of the thighs, providing an excellent sitting position, good pressure redistribution for the seat bones and reduced risk of shearing. Recesses for lumbar supports and rounded rear edge also give it excellent stability and fit in a wheelchair. Plantur provides comfort suitable for people sitting for both longer and shorter periods.

Plantur has a waterproof surface that prevents liquids from passing through and is easy to clean. The cushion comes with a durable cover in grey polyester plush with high friction.

None of Helab seat cushions and covers contains any bromide-based flame retardants or latex.

Other sizes than those listed below can be ordered. Please contact your distributor.

We are Care of Sweden. Since 1992, we help healthcare to better take care of people who require support, for example to prevent pressure ulcers. You'll find us on care units in all parts of the world.

The products range spans from advanced air mattress systems to seat cushions for wheelchairs. We manufacture ourselves at our facility in Sweden, where everything is done according to high quality standards and with minimal environmental impact. But most importantly is our commitment and our desire to be always available.

Our customers see us as part of the care team, where we are working side by side, for no one ever should have to suffer from pressure ulcers. Together, we can reduce unnecessary suffering and save financial resources to healthcare.

We call our mission
